Ms. Catherine Peirce
Pigeon Lake Watershed Association
Pigeon Lake, Alberta

Dear Catherine

Re: Letter of Commendation

On behalf of all our residents, the Council of the Summer Village of Grandview has passed a special resolution to recognize the exemplary work you have done on behalf of all lake residents in protecting our watershed and our lake. All too often, good works go unnoticed and without appropriate expression of thanks, and I am pleased to acknowledge your efforts, which have made such a difference to our lake.

Along with managing the work of the PLWA, you have invested much time and energy in many projects that are making a direct impact on our watershed. Now that the Pigeon Lake Watershed Management Plan has been completed, your actions are making sure that this plan is being put into place rather than ending up forgotten on some bookshelf.

The lobbying effort you are leading on protection from invasive species is bringing to the forefront the issue of reduced boat inspections at provincial boundaries and the increased threat to Alberta lakes. Your tenacity in moving forward with this daunting task, when many others would simply give up, is much appreciated.

I know that many other watershed organizations are trying to emulate the standard of excellence you have set for sharing of information and best practices.

On behalf of all our residents, the Council of the Summer Village of Grandview gratefully acknowledges your many contributions to the health of our lake. We strongly support your efforts. Thank you again.

Yours truly,

Don Davidson
Mayor
